

WELCOME TO ARNOLD LAVER LEEDS

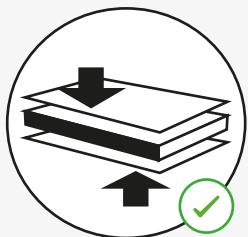

ABOUT US

We are currently the only panel and component fabrication facility that services Arnold Laver Depots and its customers across the UK. And we have been providing this bespoke manufacturing capability since the mid-60s.

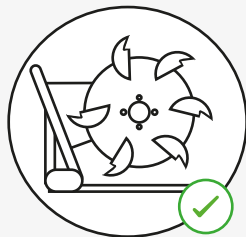

Did you know that as well as providing high quality timber, competitive pricing and a great stock holding we also:

- ✓ Operate specialist inhouse CNC machining
- ✓ Bond, cut, edge, shape and profile components for any project
- ✓ Have a state of the art through-feed press-line that delivers a superior bond
- ✓ Stock an extensive range of high-pressure laminates and veneers.
- ✓ Supply and manufacture decorative panel products

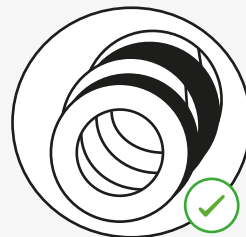

For more information about our bespoke service, enquiries or quotes, please contact our highly experienced staff.
