

MEGANITE[®]
Acrylic Solid Surface

CASE STUDY
Crouch Design

Crouch Design specializes in traditional and contemporary kitchens and other interior spaces. Based in Esher, Surrey in the south east of England, their comprehensive showroom features traditional and contemporary kitchen displays. Crouch Design have extensively used kitchen surfaces in natural marble and quartz, Meganite Movement collection has given them the opportunity to offer this natural look with all the benefits of seamless solid surface. They chose **Meganite Mt. Carrara M007** for a new kitchen showroom display featuring a matching seamless sink with stainless steel base together with recessed drainer area.
