# JUST WHITE

THE NEW PURE RANGE

## THE BRAND NEW PURE WHITE RANGE FROM VICAIMA

A white door is recognised by many interior designers as a feature that produces numerous decorative alternatives when creating attractive room interiors, as it can be used with both bold and understated designs. The new Pure Range from Vicaima is made up of a selection of timber doors in a brilliant white finish, but offering a number of style options to meet individual tastes.

These stunning doors are available in a tough CPL (continuous pressure laminate), wood grain foil or smooth paint finish. The doors can be plain; glazed, feature shallow grooves etched into the face of the door or embellished with decorative inlays to create a subtle but distinctive look.
